Thai Language program at EFL - Chiang Mai, Thailand

Effective Thai is the Thai Language program at EFL Learning Centre in Chiang Mai, Thailand. We are a fully licensed, award-winning school with professional, experienced teachers. We offer high-quality Thai language classes for small groups (2-6 students per class) and 1-to-1 instruction. Our courses range from 10-200 lessons.

We provide in-person classes at our school in Chiang Mai, and Skype/online instruction is also available. We can provide Non-immigrant Education (ED) Thai Visa support, and about half of our students have an ED Visa. We have over 13 years of successful Thai language students, are fully licensed by the Thai Ministry of Education, and have achieved international quality management certification (ISO 9001) since 2009.

Small Group Thai Language Classes (2-6 students)

Our Small Group language classes are much more effective than large classes of 10 students or more, common at other Thai Language schools. Great for families or friends who want to study together. If the students create their own group, they can choose study dates/times convenient to them.

- We have a new small group language class each month, usually starting the last week of each month
- There is a half-day orientation meeting about 1 week before the start of the class, to finalize the class schedule, course objectives, and review immigration procedures and rules
- 1-to-1 courses are in bundles of 10, 25, 50, 100, and 200 lessons (each lesson is 50 minutes)
- 10 lessons @ 2,750 THB | 25 lessons @ 6,650 THB | 50 lessons @ 12,750 THB
- 100 lessons @ 24,750 THB - 3 month ED visa support available
- 200 lessons @ 46,950 THB (10% discount) - 6 month ED visa support available

Private 1-to-1 Thai Language Classes

Thai Language Classes are most effective with 1-to-1 tutoring. While it costs twice as much as the small group rate, the speed of learning can be twice as fast, or faster. For students who are advancing beyond the basics, this is the best approach. Students have different strengths and areas for improvement, different interests and learning styles. 1-to-1 is the best approach, including a flexible schedule.

- We have 1-to-1 Thai language classes available to begin at any time
- 1-to-1 courses are in bundles of 10, 25, 50, 100, and 200 lessons (each lesson is 50 minutes)
